

UNIVERSITEIT VAN AMSTERDAM

14th Plant-Insect Workshop

Thursday November 14th 2019

Topic: Ecological and molecular plant defense mechanisms against insects

We proudly announce our keynote speakers:

Prof. dr. Saskia Hogenhout

Department of Crop Genetics, John Innes Centre, Norwich, UK
Topic: *Phytoplasma effectors modulate plant defences to insects*

Prof. dr. John Pickett

School of Chemistry, Cardiff University, Wales, UK
Topic: *Ecological management of crop pests*

You are warmly invited to take this opportunity and present your research project in a short presentation, prezi or pecha kucha, or with a poster!

Preliminary program includes:

9:00	Welcome with coffee
9:30	Prof. Saskia Hogenhout
10:30	Student Presentations <i>(incl. coffee break)</i>
12:00	Poster market + Lunch
13:30	Prof. John Pickett
14:30	Student Presentations <i>(incl. coffee break)</i>
17:00	Drinks and Dinner

Students are asked to submit an abstract on their research with registration
Costs are €25 for PhD students, €10 for MSc students, +€10 for dinner
Registration opens 26th of August and closes 20th of October.
