

# Checklist: Required documents for WUR PhD registration

The specific documents that need to be submitted by the prospective PhD candidate into their own Hora Finita database account depend on the type of MSc diploma. You can use this checklist to see if you have collected all the required documents.

## Note:

- All scans must be PDF files.
- Combine the BSc documents (and official English translation when required) into one document.
- Combine the MSc documents (and official English translation when required) into one document.
- Give the documents appropriate names like: *type of document-yourname.PDF*.
- Reduce the file size of the scans if the complete set of scans exceeds 10 MB (passport excluded).
- We recommend to certify the scan of the passport with the date, purpose and name of organization for which the scan is intended. Note that this text may not overlap with the text or photos in the passport.

**\* If you are not Dutch, or you are from a non-Anglophone country and you have not completed your higher education with English as the language of instruction, you have to submit an internationally recognised Certificate of Proficiency in the English Language. See the [English language requirements](#) for more information.**
